

## **Wine Typicalness**

Burgundy rosé comes from the grape variety black nobleman Pinot. Contrary to a red traditional, the juice will stay contacts with the skins of the grapes that a short instant to acquire its colour. Domain exploits an area of 1 hectares from Burgundy, alone the half is destinies to be made of the rosé, the rest is intended in Burgundy Pinot black.

Burgundy Rosé introduces a lively and nice colour, modified by pink fuchsia. It gives complicacy and wealth of aromas as cherry, blackcurrant, raspberry. You will appreciate the flower and fruity nose of this wine, with roundness and nice tastes in mouth. An atypical Rosé to be shared between friends.

A count is 9 ° and 11 ° during a meal between catch there family or in private
